

PRODUCT DATA SHEET

SLC-16 WATER MISCIBLE SUPER CLEANER

PRODUCT DESCRIPTION

A high concentrate of powerful synthetics to meet the needs of home industry and hospital that is what today's SLC-16 is all about.

SLC-16 gives instant penetration and emulsification to provide instant cleaning action. A low sudsing additive is incorporated to save rinsing time therefore cutting labor time 40 percent.

SLC-16 floats up all wax and grime clean and all firm material for easy removal by pick-up vacuums, floor squeegees, or mops. Some typical applications are wood, ceramic tile, rubber tile, vinyl asbestos, linoleum, concrete floors and terrazzo. Polishes as it cleans for brass, chrome and nickel. Degreases auto parts and removes easy grime deposits.

SLC-16 contains rust inhibitors and disinfects and sanitizes as it cleans. SLC-16 will seep into cracks and any hidden areas to disintegrate bacteria. It leaves no soap or residue and will create no static charges.

Product SLC-16 is completely phosphate free and biodegradable as applied by steam machine or scrub machine and works equally well in hard, cold, soft or hot water.

The cost of applying SLC-16 comes to only a few pennies per gallon. Non-toxic, biodegradable, free rinsing, odorless, removes grime, ink, rust, etc., from all hard surfaces – safe – non-flammable.

TYPICAL CHARACTERISTICS

PRODUCT	APPROX DILUTION WITH WATER
Degreases engines (Engine should be warm)	5 to 1
Diesel exhaust	10 to 1
Grease and Oil	10 to 1
White wall Tires	5 to 1
Aluminum truck and airplanes	7 to 1
Machinery	7 to 1
Concrete floors	7 to 1
Exhaust fans	10 to 1
PIN #	02020
